Grow...achieve...explore...Grow...achieve...explore

A message from Mrs. Scholz

We have been SO impressed with the creativity of our children this week with their A-MA-ZING entries for the School Association Valentine's Craft Competition. The children have been baking, sewing, drawing, painting and crafting. The office smells delicious—Mrs. Kelsall's willpower has definitely been tested! Thank you to everyone from the School Association who organised the competition and to all the parents and carers who have helped their children with their entries!

News from our Classes

Bluebell Class—Bluebells have been busy showing off all their knowledge from this half term. We have recreated some printing designs and written some amazing reports about Nairobi. In maths EYFS have been using the vocabulary of less and fewer alongside their part part whole models and we have all been practising our measuring skills and solving problems. We are really impressed with our English work this week, with all of Bluebells innovating the stories we have been reading to create their own stories. We really concentrated on children's mental health week in the forest, using our senses and finishing with some yummy pancakes in the fire.

Willow Class—This week in Willow Class we have had a very exciting and busy time! In Science, the children designed and made their own mini vacuum cleaners using a plastic bottle, an electric circuit and a fan. They loved testing their creations and using them to pick up confetti, and were very proud of how well their inventions worked. We also enjoyed welcoming Open the Book to join us for worship, where the children listened beautifully and took part enthusiastically. Yesterday, we visited GCA to take part in the Glow Dodgeball small schools event. The children showed fantastic teamwork and sportsmanship and represented the school brilliantly. In English, the class has been writing character descriptions of Macavity, using powerful vocabulary and creative ideas. Everyone worked extremely hard and produced some wonderful writing. The children are also very excited to hear the winners of the Valentine competition and are eagerly waiting for the announcement!

Lead Learners

Bluebell Class – George is our lead learner for amazing us every day with his super attitude and amazing work!
