## A message from Mrs. Scholz

We were really pleased to welcome Mrs. Taylor from Scorton School to Willow Class this week. She is our Federation Computing Leader and she came to lead a computing day with our junior children. She was SO impressed with the children's behaviour, attitude and amazing ideas and has asked if she can come back again which I know Willow Class would love!

Our Chair of Governors, Mrs. Carlyle spent the morning with Bluebell Class on Tuesday to see how everyone was settling in. She had a lovely morning and commented on what a great atmosphere there is in class.

## News from our Classes

### Bluebell Class

Bluebell Class have enjoyed being artists this week and we have been creating our own spiral artwork inspired by the work of Molly Haslund. We enjoyed creating our own spirals in the playground using chalk and going into the forest to create spirals using natural resources.

In English, EYFS have enjoyed the story Ketchup on Your Cornflakes and Year 1 and 2 have been learning playground rhymes. Year 1 and 2 have been getting even better at subtraction this week and EYFS have been improving their counting

### Willow Class

On Tuesday Mrs Taylor came from Scorton and taught us computing for the day. I learnt how Puffin crossings operate and how to stay safe online—also it is very important to update my password regularly. During singing this week I was singing Three Little Birds. In Science I have learnt that we have voluntary and involuntary muscles, my heart is an involuntary muscle, which means it works automatically. Stuart Y5

In English this week, I wrote a conversation between Tom and Mowzer. They were discussing if they should go out to sea and face the Great Storm-Cat. I had to use inverted commas to punctuate the direct speech. In maths I have learnt how to use the column method for subtracting with exchange, it was a little tricky at first, but I quickly got the hang of it. I am looking forward to swimming to today and playing basketball in PE. Briar Y3

## Lead Learners

### Bluebell Class –

Our lead learner is Ambi for her fantastic spiral artwork.

### Willow Class—

Our lead learner is Ella B for wowing us all with her knowledge about Biomes in Geography and being awesome in all lessons.

Hi everyone, my name's Jayda and I'd like to share my week with you. Currently, our worship theme is thankfulness. Don't forget to be thankful for event the little things like having clean water. In English, we have been learning about 'The Mousehole Cat'. I loved writing Mowzer's recount. I wish everyone a happy Friday! Goodbye! 😊
